What our GSA customers are saying:

“I wanted to pass on to you how incredibly pleased I am with the work performed by your Project Manager. Her work ethic is fantastic and work products & deliverables are professional, organized and extremely well put together. She is a pleasure to work with and valuable member of the team. Thank you!!!”

“Thank you for all your help on our strategic initiative. I could not have done it without you.”

“Our process improvement team leaders met to provide our Deputy Regional Commissioner with brief status updates on their teams’ progress to date, along with estimated completion dates for remaining milestones/deliverables. As each team leader wrapped up their comments, they mentioned the OmniSolve Project Managers by name as providing invaluable assistance. Your hard work, responsiveness and excellent work products were highly praised by all.”

PBS Information Technology

OmniSolve has been a trusted partner at PBS CIO since 2001 having implemented numerous innovative and leading edge software applications. In our recent engagements at PBS IT, we are supporting the executive management develop strategies with defined measurable goals and objectives that are in line with those of the agency. Our skilled enterprise architect, Data and Information management, policy, and budget and finance consultants have tactically and effectively executed projects that have lead to achieving those strategic goals.

GSA Document Management Enterprise Capability Enablement

The Administrator has challenged GSA to become a more paperless organization as an example to their client agencies. This has led to an initiative to look across all departments and regions and adopt a single enterprise document management approach. The contract to manage the development of GSA’s Enterprise Document Management capability was awarded to OmniSolve based on our broad organizational knowledge and proven results orientation. OmniSolve has been noted as having the skill set to work across a diverse group of stakeholders and drive consensus, as well as the finance skill to develop a strong actionable business case.

Strategy Processes Improvement and Performance Measurement

This work is the foundation for OmniSolve’s relationship with PBS the team supports initiatives throughout GSA both shaping and implementing strategic plans. The team works with assistant and regional commissioners throughout PBS operational offices to analyze business challenges, formulate program and project responses, support implementation of changes, and develop measures to assess effectiveness. This team has great insight into GSA’s strategic goals, strengths and challenges, helping OmniSolve to formulate very relevant solutions to GSA’s challenges.
